the Research Department

The Doctor of Philosophy or Ph.D. is an intensive research program. It deals with searches in various streams such as science, engineering, management, pharmacy, mass communication, law, commerce, etc. It is the most common and prestigious degree that aims for jobs in academics. Moreover, it is an earned search degree and awarded in diverse specializations. However, students need to contribute some original results or ideas in a particular field of interest. Additionally, Ph.D. students need to submit a Ph.D. thesis or dissertation at the end of the program. These searches will likewise extend the boundaries of knowledge from their end. The Ph.D. degree involves 3-5 years of research work with a thesis contributing to a subject of interest. Moreover, to complete a Ph.D. degree, a student needs to complete course work, comprehensive examinations.

About the Alwar City

The district is known after its headquarters town of Alwar. There are many theories about the derivation of the name Alwar. Cunningham holds that the city derived its name from the Salva tribe and was originally Salwapur, then, Salwar, Halawar and eventually Alwar. According to another school it was known as Aravalpur or the city of Aravali (A Hill system dividing Rajasthan roughly into third and two-thirds). Some others hold that city is named after Alawal Khan Mewati. A research conducted during the reign of Maharaja Jai Singh of Alwar revealed that Maharaja Alaghraj, second son of Maharaja Kakil of Amer (old seat of Jaipur State) ruled the area in the eleventh century and his territory extended upto the present city of Alwar. He founded the city of Alpur in 1106 Vikrami Samvat (1049 A.D.) after his own name which eventually became Alwar. It was formerly spelt as Ukar but in the reign of Jai Singh the spelling was changed to Alwar.
